

California OES Weather Threat Briefing

Tuesday, June 2, 2020
9:00 AM PDT

- **Day 1 (Tuesday):** Low to moderate heat risk impacts are expected today across portions of the Inland and Southern Regions.

National Weather Service
*Western Region Headquarters
Regional Operations Center
Salt Lake City, UT*

WEATHER KEY POINTS

06/02/20 - 06/08/20

Tuesday-Thursday

- Hot temperatures are expected in the Central Valley and southeastern CA through Thursday
 - Though this heatwave will not be quite as warm as last week's, moderate to high heat impacts are still possible
- Isolated showers and thunderstorms are possible across the Sierras each day. No impacts are expected.

Friday-Monday

- Cooler temperatures starting Friday will significantly reduce heat impacts
- Gusty winds will increase Friday through the weekend, especially in the deserts of Southern Region
- An increased chance of showers and thunderstorms is expected Friday onward, especially in northern CA
